# Pregnancy Facial

(30 Minutes)

## Step 1 Calm Daily Gentle Cleanser

Gently washes away makeup, excess oil and dirt without irritating or over-drying the skin with this extra gentle, sulfate-free cleanser. Wet face with your fingertips. Apply half a pump of cleanser to your fingertips, rub together to lather and gently rub in circular motions all over face.

## Step 2 FC5 New Cell Exfoliating Scrub

Gently exfoliate to reveal fresh new cells. Restores the look of radiant and healthy looking skin.

Apply small amount to wet finger tips, applying using circular motions all over face.

## Step 3 Clear Future Soothing Overnight Mask

This lightweight mask can help to calm, soothe and hydrate skin, and even minimises redness. Apply pea size amount of mask with fingertips all over skin. Leave in for 10 minutes.

## Step 4 Calm Soothing Facial Serum

Lightweight serum with aloe vera and cucumber extracts soothes and moisturises leaving skin feeling immediately hydrated. Apply pea size amount of serum to fingertips and spread all over face.

## Step 5 Nourishing Facial Oil

A Superfood for your skin, this illuminating oil provides just the right amount of superior hydration and moisture with omega 3 and 6 derived from olives (squalene) its a super antioxidant. It improves the look of skin texture to help create a more radiant-looking, even-toned complexion. Suitable for all skin types (inc sensitive) Apply 3-4 drops to the palm of your hands, rub together and smooth palms and fingertips all over clients face.

## Step 6 Lifting and Contouring Eye Creme

This rich cream helps skin look firmer and tighter around the eyes, and feel more plump and cushioned. Ophthalmologist - and dermatologist - tested. Dab a small amount with your middle finger along eyesocket bone using feather light strokes.

## Step 7 Rejuvenating Cream

Feels luxurious and deeply moisturises, soothes and softens skin. With botanical emollients to replenish moisture. Use a pea size amount on fingertips and gently smooth all over face.

## Step 8 Lip Treatment

Helps soften the appearance of fine lines on the lips and contours, and supports the skins natural moisture barrier. Enhances the appearance of lip volume and multitasks as a primer for lipstick or gloss.
