Sensitive Skin Facial

(30 Minutes)

Step 1 Calm Daily Gentle Cleanser

Gently washes away makeup, excess oil and dirt without irritating or over-drying the skin with this extra gentle, sulfate - free cleanser. Wet face with your fingertips. Apply half a pump of cleanser to your fingertips, rub together to lather and gently rub in circular motions all over face.

Step 2 FC5 New Cell Exfoliating Scrub

Gently exfoliate to reveal fresh new cells. Restores the look of radiant and healthy looking skin. Apply small amount to wet fingertips, applying using circular motions all over face.

Step 3 Genius Resurfacing pads

An innovative multitasker. Revolutionary ingredients delivered to the skin via an advanced delivery system. Improves the overall look and feel of skin texture to restore a healthy, radiant glow to dull skin. Helps reduce the look of dark spots, fine lines and wrinkles. Gently sweep one pad over the skin concentrating on any areas of concern.

Step 4 Clear Future Soothing Overnight Mask

This lightweight mask can help to calm, soothe and hydrate skin, and even minimises redness. Apply pea size amount of mask with fingertips all over skin. Leave in for 10

Step 5 Calm Soothing Facial Serum

Lightweight serum with aloe vera and cucumber extracts soothes and moisturises leaving skin feeling immediately hydrated. Apply pea size amount of serum to fingertips and spread all over face.

Step 6 Nourishing Facial Oil

A Superfood for your skin, this illuminating oil provides just the right amount of superior hydration and moisture with omega 3 and 6 derived from olives (squalene) its a super antioxidant. It improves the look of skin texture to help create a more radiant-looking, even-toned complexion. Suitable for all skin types (inc sensitive) Apply 3-4 drops to the palm of your hands, rub together and smooth palms and fingertips all over clients face.

Step 7 Genius Ultra (all over face, not eyes)

Set at middle heat setting, then apply in upward circular motions all over face (excluding eye area), concentrate on frown lines, smile lines and wrinkles. This device gently warms while massaging product deep into the skin using 300,000 ultrasound waves. Device will shut off after one minute, continue for second minute at higher heat setting.

Step 8 Soothing Eye Gel

Gentle, ophthalmologist-tested eye gel helps reduce the appearance of puffiness and hydrates the eye area for smooth skin. Apply small amount using roller ball applicator to clean fingertips, dab fingertips together and pat around eye area using feather light strokes.

Step 9 Repeat Genius Ultra (eye area only)

Set at lowest heat setting, then apply in upward circular motion around eye area / crows feet, do not use on upper eye lid or directly on eye.

Step 10 Calm Gentle Daily Moisturiser (Day)

Light weight soothing moisturiser absorbs quickly, leaving the skin feeling soft. Formulated with cucumber extracts to help provide refreshing, hydrating relief from tightness, dryness and discomfort. Squeeze pea size amount onto fingertips and smooth all over face.

Step 10 Rejuvenating Cream (Night)

Deeply moisturises, soothes and softens dry skin, with botanicals to replenish moisture. Scoop a 'pea' sized amount on fingertips and gently smooth all over face.
